RE: LETTER OF ATTESTATION FOR ENVIROONE IN KAFFU BULLOM CHIEFDOM, SIERRA LEONE

This is to certify that EnviroOne has been implementing community development programs in my Chieftdom, Kaffu Bullom Chieftdom, Port Loko District, in the Northern Province of Sierra Leone since early 2013.

Through its clean water, farmer education, and micro financing programs, many of our women (in farming and petty trading), and farmers in general have benefited enormously. We now have more women farmers. The petty traders in my Chieftdom are using the proceeds from their microloans to expand their businesses and send their children to school. Our teachers have been able to teach our children uninterrupted due to the teacher microloans program. It is my fervent hope that EnviroOne will be able to expand its programs in my Chieftdom to cover more women and children especially as my Chieftdom (and the country in general) is in the recovery phase of the deadly Ebola disease that has killed so many of our productive citizens.

Please forward any inquiries on EnviroOne to my administrative office in Rotifunk, Lungi Sierra Leone.

PC Bai Shebora Sheba Gbere III  
Paramount Chief  
Kaffu Bullom Chieftdom  
Lungi, SIERRA LEONE
